

EXACTA

PayMaster

PayMaster

The PayMaster is designed for the self-serve car wash as a wall mounted change maker with integrated card reader and receipt printing. This unit takes bills and gives change or tokens and gives the customer the option to print a receipt. Customers can also swipe their credit card to print a receipt after using one of our card reader in the bay systems. An optional Gift Card dispenser can be added internally with the ability to do programmable bonuses.

- Two built in bill validators
- One coin hopper comes standard with two optional for three total
- Back lit LCD screen for showing instructions
- Built in voice used to give instructions to customers
- Can dispense quarters, \$1 coins, \$2 coins or tokens
- Dispense tokens by swiping a credit card
- Prints optional receipts for either cash or credit card transactions
- Add money to Gift cards using credit card or bills
- Stainless cabinet with fiberglass front which comes in multiple color selections
- Built in heater with fan
- Optional Gift Card dispenser with programmable bonuses
